

FELLOWSHIP BIBLE CHURCH

**Sunday
July 19, 2009**

Who Himself bore our sins in His own body on the tree, that we, having died to sins, might live for righteousness – by whose stripes you were healed.

1 Peter 2:24

ANNOUNCEMENTS

Look ahead, plan ahead to July 26 when we will be hearing from the **Haiti Teams** on their times in Haiti. It is always good to hear what the Lord is doing there.

See Doris Barthelemy if you are interested in coordinating the **Nursery Program**.

From the Pastoral Search Committee: The pastor from Kansas in whom we were interested saw fit to withdraw his name from consideration for our position. This leaves us still seeking the man whom the Lord has for us. Do not become discouraged nor desperate, but especially not disinterested. We ask for your continued prayer in this matter. There is the right man; the Lord knows.
