For to me, to live is Christ, and to die is gain.

Philippians 1:21

FRIENDS OF THE WEEK

Ken and **Lisa Turnbull, Damarise, Hannah, Sarah, Ian** and **Andrew** have lived in Mozambique for several years learning the language and culture and originally intending to go to an unreached tribe with New Tribes Missions. However, the Lord had other plans for them, and they are working on starting up a Christian university for Africans. This year they are in the States, where Damarise and Hannah will be starting college in the fall, and where Ken and Lisa will be making contacts and preparations for the start-up of African Christian University. Pray for the Lord's direction in all the aspects of setting up the university and for health and safety good adjustments this year for all the family. Come tonight to learn more...
